

How full are these bins?

"IN ONE GLANCE YOU KNOW..."

"... ALL WHILE STANDING SAFELY ON THE GROUND!"

LeVALERT Indicator senses the weight of material and changes to a bright "Yellow" color. When the level recedes the indicator automatically changes back to a "Black" color.

Highly visible: Can easily be seen from over 300 feet during the day and reflective for night use.

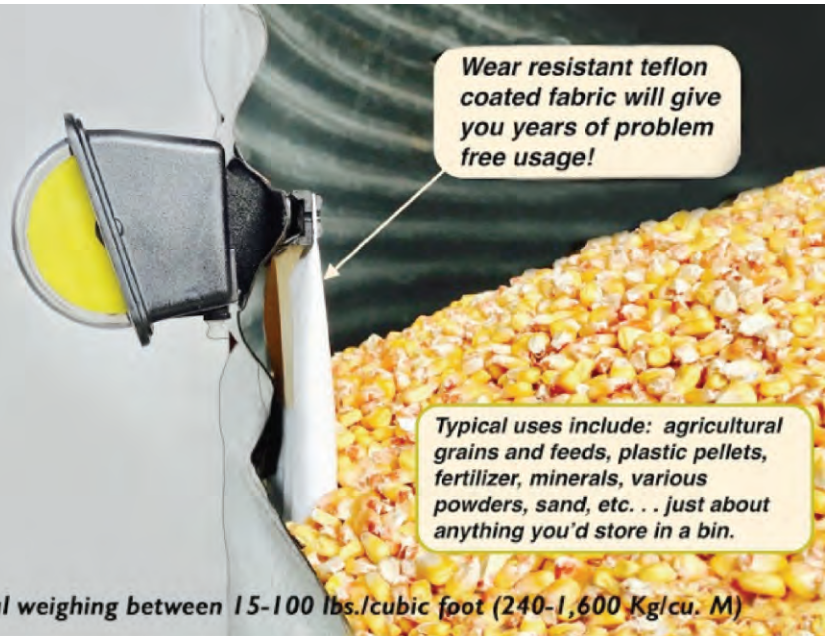

Easy Installation: Installs completely from outside of bin thru 1-1/8" diameter hole.

No Electricity required:

Completely mechanical in operation (optional electrical switch available)

Operates efficiently at temperatures ranging between +180°F (82°C) to -30°F (-35°C)

LeVALERT Indicator can sense almost any granular material weighing between 15-100 lbs./cubic foot (240-1,600 Kg/cu. M)

BIN LEVEL INDICATOR

Manufactured by:
LTJ Enterprises, Inc.
24480 State Hwy. 89
Roseau, MN 56751

Order from: **C A Briggs Company**

622 Mary Street; Suite 101; Warminster, PA 18974

Activators

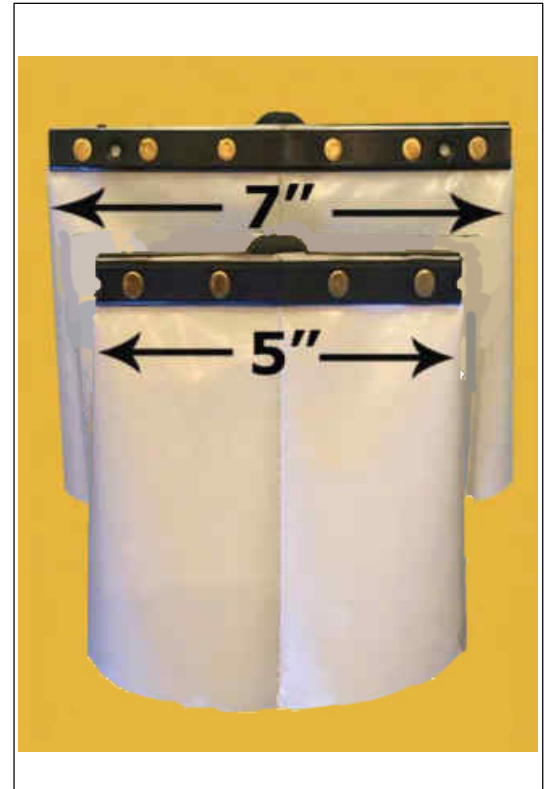

There are 2 different Activator to choose from to meet the needs of the granular material you are storing.

Model 9700-7: Use the 7" model for use with light weight materials 15 to 70 Ibs per Cu Ft such as:

- Oats
- Sunflowers
- Ground Feeds
- Grass Seeds
- Wheat
- Corn
- Soybeans
- Rice
- Canola
- Pellets

Model 9700-5: Use the 5" model for use with heavy weight materials 60 to 100 Ibs per Cu Ft such as:

- Sands
- Powders
- Salts
- Fertilizers

Optional Micro Switch Specifications

- **SPDT**
- **Rated voltage:**
 - 125 VAC 3A
 - 250 VAC 2A
 - 30 VDC 3A
- **Cable length:** 12" (304 mm)
- **Approved Safety Standards:** UL (UL1054)/CSA (CSA C22.2 No.55)
- **RoSH Compliant**
- *LTJ part number 10100*
